

# About BOCES\*

## What is BOCES?

BOCES, the Board of Cooperative Education Services, is a public organization created by NYS legislature to provide shared educational programs and services to NYS school districts.

## What is BOCES aid?

BOCES aid is a form of NYS aid that reimburses for a percentage of the costs of approved services provided by BOCES. Districts pay for those services in a given school year and are reimbursed in the next, based on the district's NYS aid ratio.

## How can teachers participate in a BOCES Arts-in-Education service at the Art League?

Speak to your Superintendent of Schools, school principals, or other appropriate administrators to request a program to benefit student achievement. By contracting services through BOCES, the programs can generate NYS aid for the district. Upon permission from your district, contact your local BOCES Arts-in-Education representative to secure services, schedule and confirm dates, times and costs with the Art League.

### • Advanced Placement Institute (API) GRADES 11, 12.

This Program offers high school AP Art students opportunities to take classes at the Art League in figure drawing with models, printmaking, painting, ceramics, sculpture and much more. The Art League's administrative and teaching staff will work with high school art teachers to design a program that meets the district's and students' needs. Length of individualized programs range from one hour to all day workshops.

This program augments the Art League's annual "GO APE" Advanced Placement Exhibition in our Jeanie Tengelsen Gallery.

*Cost varies according to the medium, the size and length of workshop.*

Patricia Smith

Chris Ann Ambery

Art League Arts-in-Education programs designed to meet NYS Arts Anchor Standards, and are held onsite in the Art League of Long Island's state of the art studios.

## Programs for Teachers:

### • Art Educator/Artists Professional Development Workshops

The Art League's Professional Development Day is held annually on Superintendent's Conference Day. Workshops are offered in media as varied as Figure Drawing, Painting, Sculpture, Zentangle, Ceramics, Jewelry, Digital Art, Printmaking and more. Teachers can earn CTLE credit.

*Cost \$140/workshop per teacher*

### • Schools Partnering with the Arts (SPA)

In addition to designated teacher development days, the SPA program provides opportunities for schools to create and participate in district identified/supported professional development with in-service credit. Teachers can renew, recharge and replenish their artistic and teaching talents with instruction given by master artists/certified art teachers in a variety of media, including painting, drawing, ceramics, graphic design, printmaking, photography, jewelry, and sculpture. School districts can schedule professional development workshops customized to meet specific needs and interests.

*Length of programs vary from one to three day workshops, depending on the needs of the district. Cost varies according to type and length of workshop.*
